**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a residential Sonic phone and Internet customer. I will be materially and adversely affected if this petition is granted.

I specifically chose a competitive DSL (copper!) provider that allows more (and better) Internet access and allows me to host a server of my own.

By being copper, our phone service power is provided at the Central Office which has both battery and motor generator power back up to provide extended service in time of natural emergency.

High Speed broadband is also critical to all of us within my residence too.

Thank you.

G. Tenney
